

Indonesia (Jakarta)	Customs Regulations 2011
<p><i>Household Goods and Personal Effects</i></p>	<ul style="list-style-type: none"> ▪ Original OBL and original packing list is required for clearance of all SEA shipments to Indonesia. ▪ A foreigner may import household goods and personal effects into Indonesia duty free under the following conditions: <ul style="list-style-type: none"> ➢ He or she has diplomatic status or holds a valid one year Indonesia residence permit (spouse also needs this). ➢ His or her goods enter Indonesia within 3 months of his/her initial arrival in Indonesia. ➢ His or her good arrive from the country where he/she lived previously for one year. <p>If the above criteria are met, only one sea and one air shipment are permitted duty free, and the shipper can only import one each of any electrical appliance duty free.</p> <p>A returning Indonesian national may import his or her household goods and personal effects into Indonesia duty free, so long as he/she can prove residence abroad for over one year continuously and the goods arrive from the country where he/she have been living. Again, only one air and one sea are permitted duty free, and one each of any electrical appliance duty free. Packing list MUST be endorsed by the Indonesian Embassy/Consulate at origin. Ship must arrive within three months of shippers arrival in Indonesia.</p> <ul style="list-style-type: none"> ▪ All other foreigners and returning Indonesians, who do not meet the above criteria, may import household goods and personal effects into Indonesia, but they will be subject to duty. The duty amount varies and is often subject to negotiation with the customs department. JVK will work with the shipper and his/her company to minimize any duty liability. ▪ While the shipper does not have to be physically present at the port or airport during customs clearance, we must present his/her original passport and original one year work permit (or diplomatic certificate) to the Indonesian Customs Authorities at the time of clearance. Thus, the shipper must be in Indonesia for the shipment to clear through customs. A returning Indonesian national must present both his/her current passport and his/her previously expired passport. ▪ All shipments are subject to 100% customs examination. ▪ Shipments that contain solid wood packaging material need to be either fumigated or heat treated at origin (ISPM15 compliant). Failure to do so could entail shipment being subject additional quarantine charges at port of entry. ▪ There is NO free storage for LCL or Air shipments...so demurrage will be incurred on all shipments. It can take 2-3 days to clear air shipments and 5-10 days to clear LCL.

The procedures for a non-diplomat to import a vehicle are time consuming and tedious. The duty assessed can be as high as 300% of the new purchase value of the vehicle.</p>
<p><i>Animals and Pets</i></p>	<ul style="list-style-type: none"> ▪ Most pets, including dogs, cats, and birds, can be brought into Indonesia with no quarantine period.
